We will need people to set up the night before, serving the day of, food preparation, etc.

~Room Parents

Every class has a designated Room Parent(s) that is your "go to" contact person for your classroom. Our first order of business that your Room Parent will be reaching out to you about will be about luncheons served by each grade level.

Every grade will be hosting a teacher luncheon every month to share our gratitude for all their hard work and dedication to our children.

6th grade is providing the lunch for September.
